CMS Has Issued Blanket Medicare Waivers and Regulatory Changes That Alter SNF Requirements

PAC Setting	Description
<p>Skilled Nursing Facilities (SNF) / Nursing Facilities (NF)</p>	<ul style="list-style-type: none"> • Permits Medicare to pay for SNF coverage without a 3-day inpatient hospital stay for beneficiaries who are dislocated or affected by the emergency • Grants renewed SNF coverage (up to an additional 100 days) for beneficiaries who had either begun or were in the process of ending their spell of illness by removing the requirement of 60+ days of custodial care at a noninstitutional setting in order for these beneficiaries to start a new benefit period • Relaxes timeframe requirements for Minimum Data Set assessments and transmission • Allows non-SNF buildings to be temporarily certified as and available for use by a SNF to isolate but continue to care for COVID-19 positive residents. Certain conditions of participation and certification requirements will be waived if need to quickly stand up a temporary NF • Permits rooms in a facility not normally used as a resident’s room, such as dining rooms and conference rooms, to be used to accommodate beds and residents to provide surge capacity. Must be consistent with state’s emergency preparedness or pandemic plan, or as directed by the local/state health department • Relaxes requirements for submission of staffing data through the Payroll-Based Journal system • Allows SNFs to suspend Pre-Admission Screening and Annual Resident Review assessments for new residents for 30 days. After 30 days, newly admitted patients with a mental illness or intellectual disability should receive assessment as soon as resources are available • Grants physicians the ability to delegate any tasks to a physician assistant, nurse practitioner, or clinical nurse specialist. All delegated tasks must continue to be under physician supervision. • Permits physicians to delegate any required physician visit to a nurse practitioner, physician assistant, or clinical nurse specialist (must be licensed and working within state scope).

CMS Has Issued Blanket Medicare Waivers and Regulatory Changes That Alter SNF Requirements

PAC Setting	Description
<p>Skilled Nursing Facilities (SNF) / Nursing Facilities (NF)</p>	<ul style="list-style-type: none"> • Permits facility to restrict residents from organizing and participating in in-person resident group meetings • Waives requirement that SNF/NF cannot employ anyone for >4 months unless individual meets specific training and certification requirements. Upholds requirements that facility should only employ nurse aides on a full-time basis for >4 months if individual is competent to provide nursing services and that facility should ensure nurse aides can demonstrate competency in skills necessary to care for residents' needs • Waives requirements for facility to provide for a resident to share room with roommate of choice, provide notice and rationale for changing resident's room, and provide for a resident's refusal to transfer to another room in facility • Allows facility to transfer or discharge residents to another facility solely for the following reasons: <ol style="list-style-type: none"> 1. Transferring residents with symptoms of respiratory infection or confirmed COVID-19 diagnosis to another facility that agrees to accept and care for resident 2. Transferring residents without symptoms of respiratory infection or confirmed to not have COVID-19 to another facility that agrees to accept and care for residents to prevent them from acquiring COVID-19 3. Transferring residents without symptoms of respiratory infection to another facility that agrees to accept resident to observe for any signs/symptoms of respiratory infection over 14 days <ul style="list-style-type: none"> ○ Receiving facility must provide writing or verbal confirmation that it will accept the resident and review/use care plans from transferring facility but make any necessary adjustments

CMS Has Issued Blanket Medicare Waivers and Regulatory Changes That Alter SNF Requirements

PAC Setting	Description
<p>Skilled Nursing Facilities (SNF) / Nursing Facilities (NF)</p>	<ul style="list-style-type: none"> Permits facility to restrict residents from organizing and participating in in-person resident group meetings CMS is narrowing scope of QAPI program by modifying requirements to ensure SNFs focus on infection control and care delivery elements most associated with COVID-19 Deadline for nursing assistant to complete at least 12 hours of annual in-service training is postponed until the end of the first full quarter after PHE declaration ends In order to expedite discharge and relocation of residents, CMS is waiving discharge planning requirement that LTC facilities must assist residents and their reps in selecting a PAC provider using data. All other discharge planning requirements are still in place. CMS modifying timeframe requirements to grant LTC facilities 10 working days to provide a resident a copy of their records (when requested) instead of 2 working days CMS waiving specific physical environment requirements to reduce disruption of care and potential exposure/transmission of COVID-19: <ul style="list-style-type: none"> Permitting facilities to adjust scheduled inspection, testing, and maintenance frequencies and activities for facility and medical equipment. Inspection, testing, and maintenance must continue for sprinkler system, fire extinguishers, elevators, emergency generator, and construction areas Permitting providers to utilize spaces not normally deemed appropriate for patient care for temporary patient care or quarantine, including in sleeping rooms lacking an outside window and door

CMS Has Issued Blanket Medicare Waivers and Regulatory Changes That Alter HHA Requirements

PAC Setting	Description
<p>Home Health Agencies (HHA)</p>	<ul style="list-style-type: none"> • Waives 42 CFR 484.20(c)(1) to relax timeframe requirements related to OASIS Transmission • Allows MACs to extend the auto-cancellation date of Requests for Anticipated Payment (RAPs) (requests that grant 60% of the episode payment upfront to provider) to ensure the correct processing of home health emergency-related claims • Modifies the “homebound” requirement to permit patient to qualify for Medicare Home Health Benefit if requires skilled services and a physician determines they should not leave home due to a medical contraindication or COVID-19 symptoms • Waives requirement for nurse or other professional to conduct onsite visit every 2 weeks to evaluate if aides are providing care consistent with care plan • Uses enforcement discretion to allow NP, CNS, and PAs to order HH, create and review care plan, and certify HH eligibility • Allows occupational therapists to perform initial and comprehensive assessments for all therapy patients, regardless of if occupational therapy is service that establishes home health care eligibility. Therapists must work within their state’s practice laws and have a RN or other professional complete assessment sections that are beyond their scope. • Deadline for HH aide to complete at least 12 hours of annual in-service training is postponed until the end of the first full quarter after PHE declaration ends • CMS is waiving discharge planning requirement that HHAs must assist patients and their caregivers in selecting a PAC provider by using and sharing data. All other discharge planning requirements should be maintained • CMS is modifying timeframe requirements to grant HHAs 10 business days to provide patient a copy of their medical records (when requested) instead of 4 business days • Deadline for HH RN/PT/OT/SLP to make annual onsite supervisory visit for each HH aide providing services is postponed until 60 days after the PHE declaration ends • CMS is narrowing scope of QAPI program by modifying requirements to ensure HHAs focus on infection control and care delivery elements most associated with COVID-19

CMS Has Issued Blanket Medicare Waivers and Regulatory Changes That Alter Hospice Requirements

PAC Setting	Description
Hospice	<ul style="list-style-type: none"> • Waives requirement for nurses or other professionals to conduct onsite visit every 2 weeks to evaluate if aides are providing care consistent with care plan • Waives requirement that hospices must use volunteers, including to provide at least 5% of patient care hours • Extends timeframe for updates to comprehensive assessments from 15 to 21 days • Waives requirement to provide certain non-core services such as physical therapy, occupational therapy, and speech-language pathology • Waives requirement that hospice aides receive 12 hours of in-service training in a 12-month period • Deadline for hospice staff to complete required annual in-service training and education programs is postponed until the end of the first full quarter after PHE declaration ends • Deadline for hospice RN to make annual onsite supervisory visit for each hospice aide providing services is postponed until 60 days after the PHE declaration ends • CMS is narrowing scope of QAPI program by modifying requirements to ensure hospices focus on infection control and care delivery elements most associated with COVID-19 • CMS waiving specific physical environment requirements (for inpatient hospices) to reduce disruption of care and potential exposure/transmission of COVID-19: <ul style="list-style-type: none"> • Permitting facilities to adjust scheduled inspection, testing, and maintenance frequencies and activities for facility and medical equipment. Inspection, testing, and maintenance must continue for sprinkler system, fire extinguishers, elevators, emergency generator, and construction areas • Permitting providers to utilize spaces not normally deemed appropriate for patient care for temporary patient care or quarantine, including in sleeping rooms lacking an outside window and door

CMS Has Issued Blanket Medicare Waivers and Regulatory Changes That Alter LTCH Requirements

PAC Setting	Description
Long-Term Care Hospitals (LTCH)	<ul style="list-style-type: none">Excludes patient stays that do not meet the 25-day average length of stay requirement for LTCHs that admit or discharge patients in order to meet the demand of the emergency, and enables these LTCHS to still be paid as LTCHsLTCH cases admitted during the emergency period will be counted as discharges and paid the LTCH PPS standard Federal rate.All LTCH cases admitted during the emergency period will be paid the relatively higher LTCH PPS standard Federal rate. Claims received January 27 through April 20, 2020 will be reprocessed to reflect this adjusted rate.

CMS Has Issued Blanket Medicare Waivers and Regulatory Changes That Alter IRF Requirements

PAC Setting	Description
Inpatient Rehabilitation Facilities (IRF)	<ul style="list-style-type: none">• Allows IRFs to exclude patients from their population when calculating the 60% threshold requirement (each IRF must discharge at least 60% of its patients with 1 of 13 qualifying conditions) to receive payment as an IRF if patients are admitted as a response to the emergency (rule applies to both facilities that are classified as IRFs and those that are attempting to obtain classification)• Removes requirement that physicians must conduct and document post admission evaluations for admitted Medicare patients• Permits freestanding IRFs to work with acute care hospitals under arrangements to provide surge capacity• Grants flexibility if IRFs are having difficulty conducting the required intensive rehabilitation therapy program due to disrupted staffing shifts

Survey and Certification in PAC

- CMS has developed a three-pronged survey approach during a three-week period of 3/20/20 – 4/11/20:
 1. Respond to Immediate Jeopardy investigations that pose imminent threat to patient health and safety
 2. Work with CDC to identify areas at risk of COVID-19 spread to ensure providers are compliant with infection control requirements
 3. Roll out a voluntary self-assessment infection control tool to providers
- CMS urges PAC facilities to use the self-assessment tool to ensure they are prepared to prevent the spread of COVID-19
- Facilities will be expected to take corrective actions to close any gaps identified in the survey inspection process
- Standard inspections of PAC facilities and revisit inspections not associated with Immediate Jeopardy will not be conducted during the emergency period
- CMS is suspending enforcement actions for penalties (outside of Immediate Jeopardy) due to lack of revisits to verify compliance

CMS Expanded Access to Telehealth Services with 1135 Waiver

- Medicare will pay for telehealth visits occurring all over the country, instead of limiting to beneficiaries living in rural locations
- Beneficiaries may receive telehealth visits in any healthcare facility and in their home, thus removing the “originating site” limitations
- Telehealth visits will be reimbursed at the same rate as in-person visits
- Waives requirement that beneficiary must have a prior established relationship with the practitioner who is providing the telehealth services
- Providers may reduce or waive cost-sharing for telehealth visits
- CMS will pay for >80 additional services delivered via telehealth including ED visits and home visits (*see next slide for CPT codes*)
- Removed limitations for number of times that subsequent inpatient visits, subsequent SNF visits, and critical care consults can be provided via telehealth
- Expanded types of health care professionals that can provide and receive payment for telehealth services to include all who are eligible to bill Medicare for their professional services, including PTs, OTs, and SLPs
- Permitting use of *audio-only* equipment to provide telephone evaluation and management services, behavioral health counseling, and educational services

Telehealth CPT Codes

- Following additional services can be provided via telehealth to any new or established Medicare beneficiary during the emergency period:

Complete list of covered telehealth services and corresponding CPT codes during the emergency period can be found here:
<https://www.cms.gov/Medicare/Medicare-General-Information/Telehealth/Telehealth-Codes>

Telehealth and PAC

- PAC providers may use telehealth to fulfill face-to-face visit requirements for patients in HH, hospice, SNF, and IRF

Home Health Agencies

- HHAs can provide services via telehealth if services are included in care plan and if services do not replace any required in-person visits in care plan

Hospice

- Providers can deliver routine home care via telehealth if feasible and appropriate

Skilled Nursing Facilities

- CMS will pay for initial nursing facility and discharge visits delivered via telehealth

Inpatient Rehabilitation Facilities

- Telehealth may be used to fulfill the requirement for physicians to conduct the required face to-face visits at least 3 days a week

Expansion of Accelerated and Advance Payment Program

- Expanded to a broader group of Medicare Part A providers and Part B suppliers during the emergency period
- Eligibility requirements for Medicare providers and suppliers include having billed Medicare for claims within past 180 days and to be in good standing
- Qualified providers/suppliers must submit a request to the MAC and payments should be issued within 7 calendar days of request
- Payment amounts differ by provider type – most will be able to request up to 100% for a 3-month period, while specific types of hospitals may request for a 6-month period
- Repayment period is extended to begin 120 days after payment is issued, and timeline varies by provider type
- *As of April 26, CMS approved over 21,000 applications totaling \$59.6 billion in payments to Part A providers and approved almost 24,000 applications advancing \$40.4 billion in payments to Part B suppliers*
- *As of April 26, CMS will not be accepting any new applications for the Advance Payment Program, and CMS will be reevaluating all pending and new applications for Accelerated Payments*

CMS Relaxes Requirements for Hospitals

Hospital Discharge Planning

- CMS waived requirement that a hospital must:
 - inform patient of all PAC facilities available to the patient in the geographic area
 - inform patient of freedom to choose among post-discharge providers/suppliers
 - identify the PAC facilities that have disclosable financial interest in hospital
- Applies to patients discharged home and referred for HHA services, transferred to SNF for post-hospital services, or transferred to IRF or LTCH for specialized hospital services
- Hospitals will discharge patients to *available* PAC facilities instead of providing a comprehensive list of all available facilities and giving patient the option to choose
- Hospitals, psychiatric hospitals, and critical access hospitals must assist patients in selecting a PAC provider by using and sharing data such as HHA, SNF, IRF, and LTCH quality measures and resource use measures (if relevant and applicable)
- CMS is maintaining discharge planning requirements to ensure patient is discharged to appropriate setting with necessary medical information and goals of care

Alternative Locations for Care during Hospital Surges

- Permits non-hospital buildings/space to be used for patient care, screening, and quarantine sites as long as location is approved by the state and consistent with state's emergency preparedness or pandemic plan

CMS Offers Flexibilities with Medicare Provider Enrollment

- Toll-free hotlines established for all providers and Part A certified providers/suppliers establishing isolation facilities to enroll and receive temporary Medicare billing privileges
- Waives application fee, fingerprint-based criminal background check, and site visit components of screening requirements
- Postpones all revalidation actions
- Allows licensed providers to render services outside of their state of enrollment
- Expedites any pending or new applications from providers
- Allows providers to render telehealth services from their home without reporting their home address on their Medicare enrollment while continuing to bill from their currently enrolled location
- Allows opted-out practitioners to terminate their opt-out status early and enroll in Medicare to provide care to more patients

CMS Granted Extensions for Medicare Appeals

- Review entities can grant extensions for filing an appeal in FFS, MA, and Part D
- Waived timeliness requirements for requests that require additional information to adjudicate the appeal
- Granted permission to review entities to:
 - Process appeals with incomplete Appointment of Representation forms – communication will only be sent to the beneficiary
 - Process requests for appeal that don't meet the required elements using information that is available
 - Utilize all flexibilities available in the appeal process as if good cause requirements are satisfied

CMS Granted Flexibility with Cost Reporting

- Delayed the filing deadline of cost report due dates for the following fiscal year end (FYE) dates:
 - Extended cost report due dates for October and November FYEs will be 6/30/2020
 - Extended cost report due date for FYE 12/31/2019 will be 7/31/2020

CMS Expanded Coverage of Ambulance Transport Destinations

- During emergency period, Medicare will cover ambulance transport to any destination that is equipped to treat patient consistent with EMS protocols
- Applies to medically necessary ground ambulance transport
- Covered destinations include:
 - alternative sites determined to be part of a hospital, CAH, or SNF
 - community mental health centers
 - FQHCs
 - physician offices
 - urgent care facilities
 - ASCs
 - beneficiary's home (if discharged from hospital to home to be under quarantine)

CMS Extends Timelines in Interoperability and Patient Access Final Rule

- CMS is granting flexibilities to hospitals by extending the implementation timeline for the admission, discharge, and transfer notification Conditions of Participation by six months
- CMS will not enforce the Patient Access and Provider Directory API requirements for Medicare Advantage, Medicaid, and CHIP until July 1, 2021 – 6 months after their effective date.

Federal Flexibilities for Medicare Advantage Plans

- CMS advised that Medicare Advantage Plans may implement the following changes during the emergency period:
 - Waive or reduce cost-sharing for beneficiaries impacted by emergency
 - Waive or reduce cost-sharing for COVID-19 lab tests, treatments, or services delivered via telehealth
 - Expand coverage of telehealth benefits
 - Waive prior authorizations requirements for services or tests related to COVID-19
 - Waive prescription refill limits to ensure pharmacy access
 - Relax restrictions on home or mail delivery of prescription drugs
- CMS is pausing many standard medical review activities, including prior authorization, and reprioritizing audits
- CMS is relaxing many star rating measure requirements, including removing the requirements to submit HEDIS and CAHPS measures
- Medicare Advantage organizations may submit diagnoses for risk adjustment that are from telehealth visits if meet risk adjustment eligibility criteria

Continued Federal Flexibilities for Medicare Advantage Plans

- CMS is permitting MA organizations to make mid-year benefit enhancements that address COVID-19-related issues and needs (i.e., adding coverage for meal delivery or medical transportation services)
- MA organizations operating a Special Needs Plan are granted flexibilities in fulfilling requirements included in their Model of Care
- CMS is relaxing the involuntary disenrollment timeline for:
 - Temporary absence, thus allowing MA enrollees to remain enrolled while temporarily absent from plan service area for longer than 6 months
 - Enrollees who are losing special needs status and cannot recertify SNP eligibility in their plan's approved timeline
- MA organizations permitted to waive or relax prior authorization requirements to increase access to services
- MA organizations may provide smartphones and/or tablets as a supplemental benefit for *primarily health related purposes only* to aid in provision of telehealth or remote access technology services

Federal Actions: Medicaid

- CMS is allowing states to waive certain Medicaid authorities including:
 - Waive prior authorization requirements in FFS programs
 - Allow for out-of-state providers to provide care
 - Suspend certain provider enrollment and revalidation requirements
 - Suspend pre-admission and annual screenings for nursing homes
 - Expand provider qualifications/ increase provider pool
 - Permit payment to HCBS providers when an individual is in a short-term hospital or institutional stay
 - Increase HCBS waiver participants
 - Expand self-direction
 - Allow non-physician practitioners to order home health services and equipment
