

Senior Analyst

ATI Advisory (ATI) is a research and advisory services firm changing how businesses, communities, and public programs serve individuals with complex care needs. We work with policymakers, providers, health plans, philanthropies, and other stakeholders to provide insights and practical solutions.

We are currently seeking a Senior Analyst to join our company.

ATI is seeking a Senior Analyst to join our Medicare-Medicaid Integration team! The ideal candidate is a strong critical thinker with project management experience, has consulting expertise (or experience similar to consulting), can lead small projects/large tasks from conceptualization through deliverable and completion, has subject matter expertise in Medicare-Medicare integration policy for dual eligible individuals, is comfortable with presenting to executive audiences, and has interest in growing with our company.

Responsibilities

- Support multiple clients and lead project tasks across a spectrum of state, health plan, and provider efforts associated with Medicare-Medicaid integration.
- Manage and produce project deliverables including through delegation to and collaboration with project team members.
- Mentor and support professional development of junior team members.
- Build, deepen, and strengthen the value we deliver to clients and our relationships with them, through high-quality work, client interactions, and project presentations.
- Contribute to mission and impact through analysis, content creation, and as appropriate public speaking/public representation of ATI.

Requirements

- Subject matter expertise in Medicare-Medicaid integration (dual eligibles), with a preference for candidates also familiar with state policy, managed care, and long-term services and supports (LTSS).
- Minimum of 5 years of relevant work-experience such as consulting, working in or for a State Medicaid agency, providing technical assistance that advances integrated care, and/or experience with a managed care plan.
- Ability to manage and work across multiple projects and a broad range of sectors and clients.
- Excellent communication skills (written and verbal) appropriate to different audiences and stakeholders, including strong presentation skills.
- Strong attention to detail in both communication and deliverable production.
